

LOST

Season 6 Episode 6

Sundown

Title:

Sounds a bit like an old Western. The Man in Black is showing up at sundown. If y'all want to live and leave this here island, you best be joinin' him. (Now you should do that whistle followed by whaa whaa whaaaaa noise a la "The Good, The Bad and the Ugly.")

This is one of those "What You See Is What You Get" episodes but I do have some fun things for you...

1. This is the first episode to not follow the pattern of Season 1. Interesting note though... Season 1 Episode 6 was a Sun episode called House of the Rising Sun. While this episode was about Sayid, it still had a Sun reference in the title.
2. Ben killed Jacob by stabbing him through the chest with a knife. This did not have the same effect when Sayid did it to the Man in Black. Hmmph.
3. That creepy ass song that was playing as the Temple lay in ruins was none other than "Catch a Falling Star" The song has been used quite a few times before. (Lyrics at the end)
 - Claire requested that the Stewart's (the original adopting parents of Aaron) sing that song to him after he was born (Just like her father sang to her...Christian?)
 - The song plays on the Oceanic Airline Mobile hanging over the crib in the Dharma Station nursery.
 - Kate sings the song to Aaron when she brings him to Cassidy.
 - Claire was singing the song while she was in the hole in this episode.
4. When Sayid said the only thing he ever wanted died in his arms was he referring to Shannon or Nadia? They both did.
5. Ilana uses the same secret passage that Hurley used. The passage is marked by a hieroglyph called a Shen Ring. It means eternal protection.

6. If you didn't notice Jack walking by when Sayid went to see his brother in the hospital, you can no longer play. It's Season 6 folks. If you missed this one you have to go back to watching Dancing With the Bachelor or America's Got the Biggest Survivor Race.

7. Hi Zack, Cindy and Emma!

8. At my home we all were scrambling and yelling out names trying to guess who was in the freezer. JACOB! LOCKE! SHANNON! Well, if you guessed Jin you get 100 Lost points, and if you got this one, but missed Jack walking by, you are weird. Like Mr. Eko before he talked weird.

9. For some crazy reason Ben decides to risk his life to save Sayid. Not very Ben-ish. He changes his mind when Sayid makes the craziest face ever made by anyone on the face of the Earth ever. If you look under the Guinness Book of Records for "Craziest Face Ever Made By Anyone on the Face of the Earth Ever" you will see this:

Which finally replaced the long reign of this guy:

10. The book Dogen is reading is "Deep River". The book is about four Japanese people on vacation in India. The trip is greatly changed by the assassination of Gandhi that occurs while they are there.

11. Before Sayid drowned Dogen in the magic pool of life, he did tell us some interesting things. He said that Jacob had trapped the Man in Black on this island for a long time. He also explained to Sayid that the torture machine was a scale that measured good and evil. I am starting to get a bit curious as to whether Jacob and the Man in Black are God v. Satan fighting it out for the souls of the people on the island. The Man in Black seems to be making a whole bunch of "Devil Went Down to Georgia" kind of promises. Even the whole Smoke Monster thing in the Temple seemed a bit Passover-ish, no? The last plague in the Bible where a creeping death would get all pissed and killy-willy.

12. In this Flash Sideways, Sayid's brother married Nadia and had two kids with him. Crazy enough, but then let's throw in crazy Keamy and Omar. In this timeline they are not trained killers working for Widmore but are loan shark criminals. It's nice to see them still working together though.

BEST LINES:

Runner up :

Miles: "Claire's back, just strolled into the Temple, acting weird but still hot though."

Winner:

Locke to Sayid after pulling the knife out of his chest: "You want this back?"

Lyrics to Catch a Falling Star:

Catch a falling star and put it in your pocket

Never let it fade away

Catch a falling star and put it in your pocket

Save it for a rainy day

For love may come and tap you on the shoulder

Some starless night

Just in case you feel you wanna hold her

You'll have a pocketful of starlight
