LOST

SEASON 6 EPISODE 2

Title: What Kate Does

The title is significant because in season two, episode nine was called "What Kate Did". What Kate "did" in that episode was blow up her father Wayne as a nice present to her mother. Her mother turned her in. What Kate does seems to be talking about the present, although we will have a bit more on that later...

1. Okay, it's later... The weird thing that stands out in this episode for me is this...

2. Fine, I'll tell you... the date! The date is, well, wrong. It's all wrong I tells ya! The original flight 815 crashed on 9/22/04. This is exactly one month later. Now I have been in long customs lines before in airports, but I think one month is a little crazy, no? Just so we are straight here, the on the island gang is wandering around in 2007.

3. Hey! It's Arzt! He is completely unblownup (it's not a word but it should be) by dynamite. He uses the overused Dustin Hoffman line from Midnight Cowboy of "Hey, I'm walkin' here!" which kind of made me hope he would spontaneously combust and LAX would have some Arzt on it.

4. More back from the dead cameos. Charlie did not riddle Ethan with bullets in this timeline and instead of kidnapping Claire to steal her baby, he seems like a nice baby doctor who is just there to deliver the baby. Of course none of us trust Ethan, do we? Why is Ethan off the island? He was there when 815 crashed.

5. Sayid and Claire now have a 'darkness' inside them. If this was the same 'darkness' that was in Rousseau's crew, they went nutso cocoo laroo and wound up all killy. Claire looked like Courtney Love scrambling to find a heroine fix.

6. The whale stuffed animal that Claire had for Aaron was the same one that Jack and Kate had for Aaron when he was with them.
7. Sawyer was going to ask Juliet to marry him. He threw the engagement ring into the water just like Desmond did.
8. What was the blowing powdery stuff during the torture / test scene with Sayid? I'm guessing "Anti Smokey Ash". Why the torture, poison, etc? If they just want to kill him, why not just kill him? Sayid said, "They didn't ask me any questions." Very much like Han Solo in Star Wars : The Empire Strikes Back.

9. The last fun thing I have for you until next week is Veronica. Veronica is the nurse with icky Ethan. Veronica was also Jack and Kate's nanny for Aaron. She watched him while Kate went out one night to do an errand for Sawyer.
