

## Season 2 - Episodes 23 and 24

### Live Together Die Alone

Jack told Michael they would 'Live together, die alone' while trying to save Walt.

First of all, thanks to the mystery person who sent me the Lost Figures website.

Okay... season finale !

Hope everyone enjoyed this little newsletter.

Namaste and see you next season !!!!!

1. Desmond was given his boat by 'Elizabeth' or as we knew her, Libby. Libby was married and her husband died.

2. Desmond's last name is Hume (adding to the list of famous philosophers Locke and Rousseau)  
[http://en.wikipedia.org/wiki/David\\_Hume](http://en.wikipedia.org/wiki/David_Hume)

Or if you are too lazy to learn about Scottish philosophers, this is the quote I found most interesting:

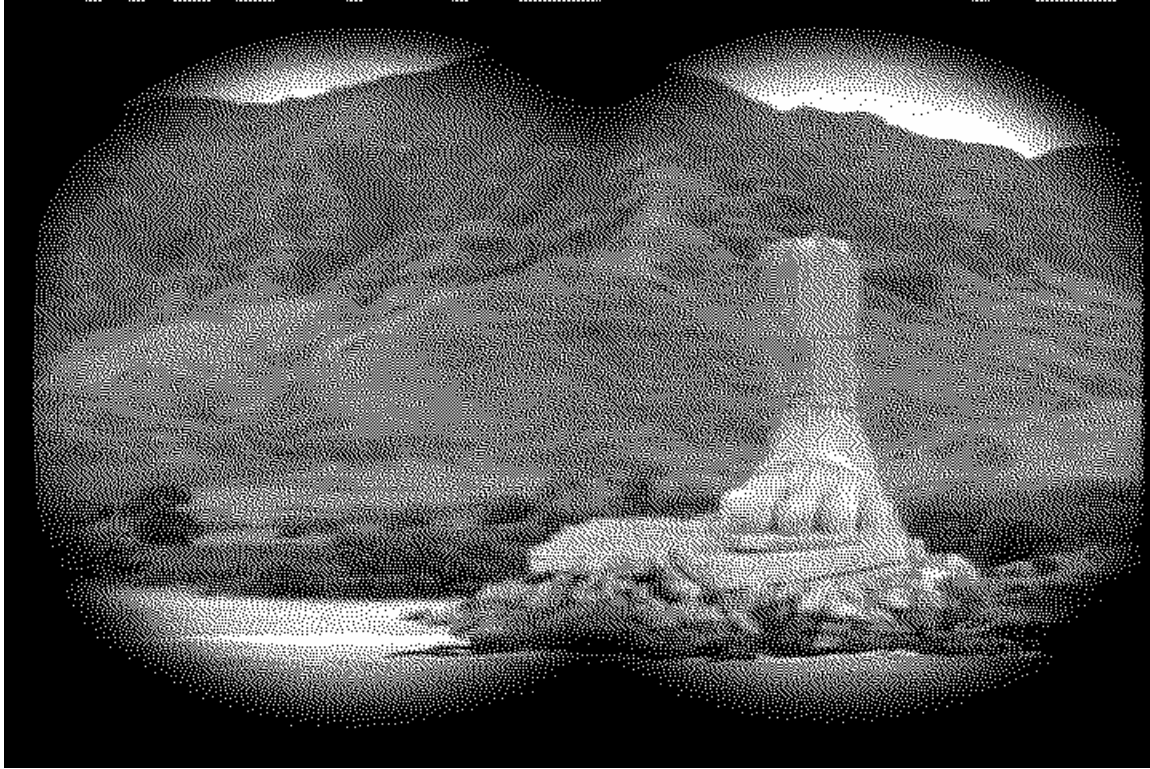

"Hume was heavily influenced by empiricists John Locke..."

3. The bird that buzzed them (and said 'hurly' ! ?) was the same bird from the season 1 finale ... right before we met smokey the black smoke monster for the first time.

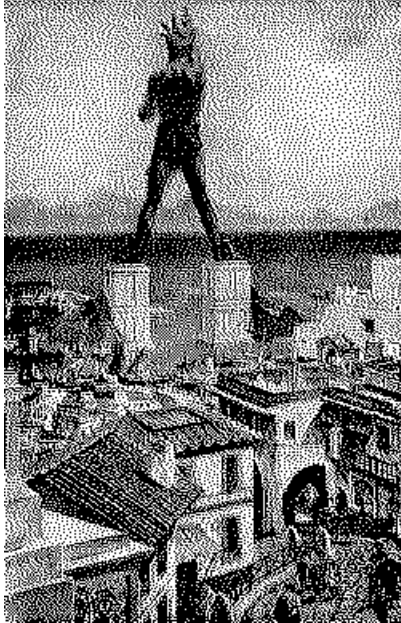

4. Desmond is drinking Dharma booze ! Those guys make everything !

5. Big 4 toed statue... hmmm...

[http://en.wikipedia.org/wiki/Colossus\\_of\\_rhodes](http://en.wikipedia.org/wiki/Colossus_of_rhodes)

This will also probably spark Atlantis theories.

6. Kelvin (Desmond's hatch-mate) was the CIA guy (who used Sayid for interrogation.)

7. 'Our Mutual Friend' is Dickens last book. About a man who is forced to marry a woman he has never met to receive his large inheritance.

8. So is the 'Pearl' station the joke and the 'Swan' station for real? Looks like the Pearl is the joke to me...

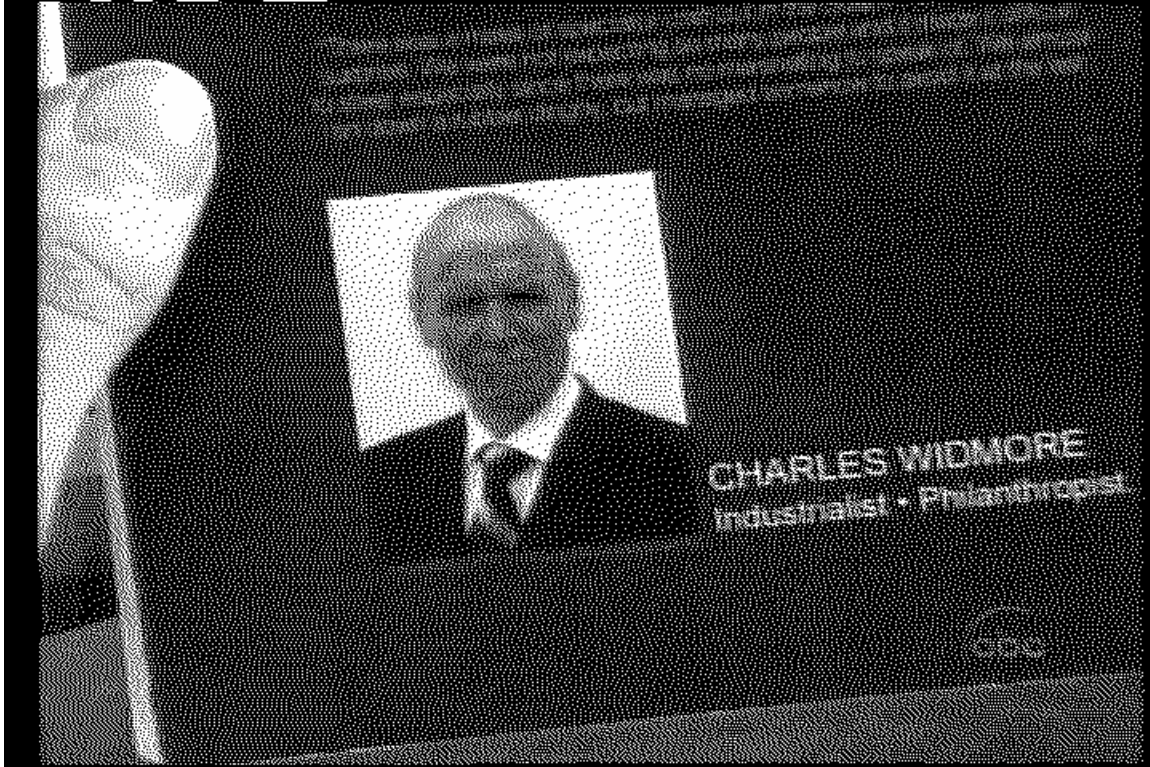

9. Desmond caused the plane to crash by setting off the big magnet ? So the plane crashing on the island was an accident? Or did Kelvin plan it that way, knowing Desmond would follow him? The plane crashed September 22, 2004. (And here's something REALLY cool... the show's first episode aired on that same exact day in real life.)

10. The new hatch is fake. Why would they make a fake hatch and pretend to guard it?

11. 'Henry' sure seems to be pretty important. Is 'Henry' "Him" ?

12. 'Zeke's' real name is Tom. Ms. Klugh is Dee.

13. Penny had to know about the island or something about it if she was paying people to look for huge electro magnetic pulses. My guess? Penny's Daddy "Charles Widmore" made the island. Somehow he got Desmond to crash there.

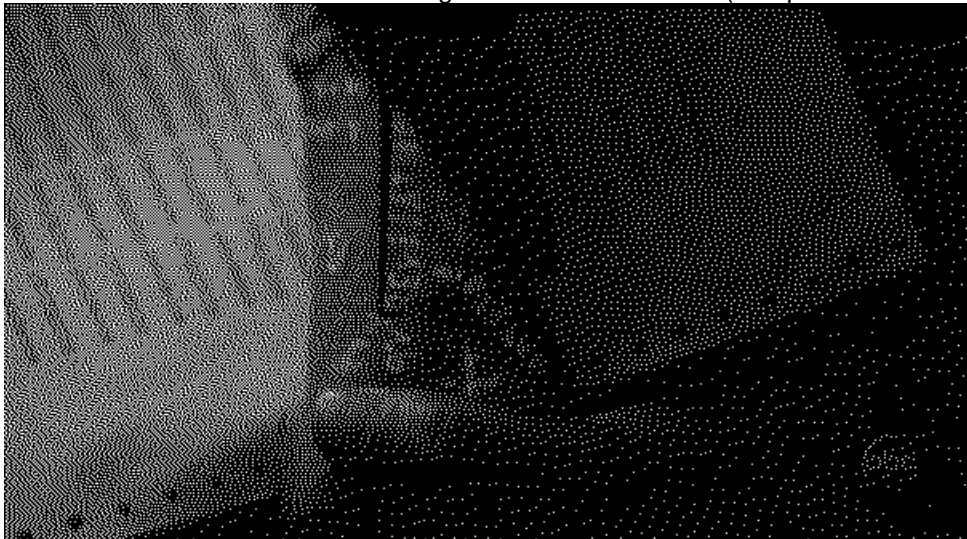

14. New Hanso commercial : [www.hansocareers.com](http://www.hansocareers.com) (I'm applying for a job. Already sent my resume.)

15. Sawyer is now playing along with us... "Are the Others left over from Dharma?" and "I think they're aliens."

16. The music on Desmond's boat was from Cherubino's aria to the countess from The Marriage of Figaro by Mozart.

17. Revelation 9:22 is the new writing on Eko's 'Jesus stick' (The plane crashed on 9/22)

18. The 'Antarctica' guys were speaking Portuguese.

19. So they are just abandoning poor Vincent? Eh... dogs always find their way back home...
20. The whispering noises said 'Elizabeth'
21. Desmond's boat was named Elizabeth. Libby's dead husband named it that after her and then she gave the boat to Desmond.
22. Razinsky (Kelvin's first hatch partner before Desmond) edited the film in the Swan hatch. Why? And Razinsky also made the map on the blast door. Why would he use invisible ink though? Who were they hiding it from? Razinsky blew his head off with a shotgun.
23. From the journal Kate read - "0400 SR moves ping pong table" - whoever wrote this was observing Razinsky. And now we know his first name begins with an S.

**Numbers:**

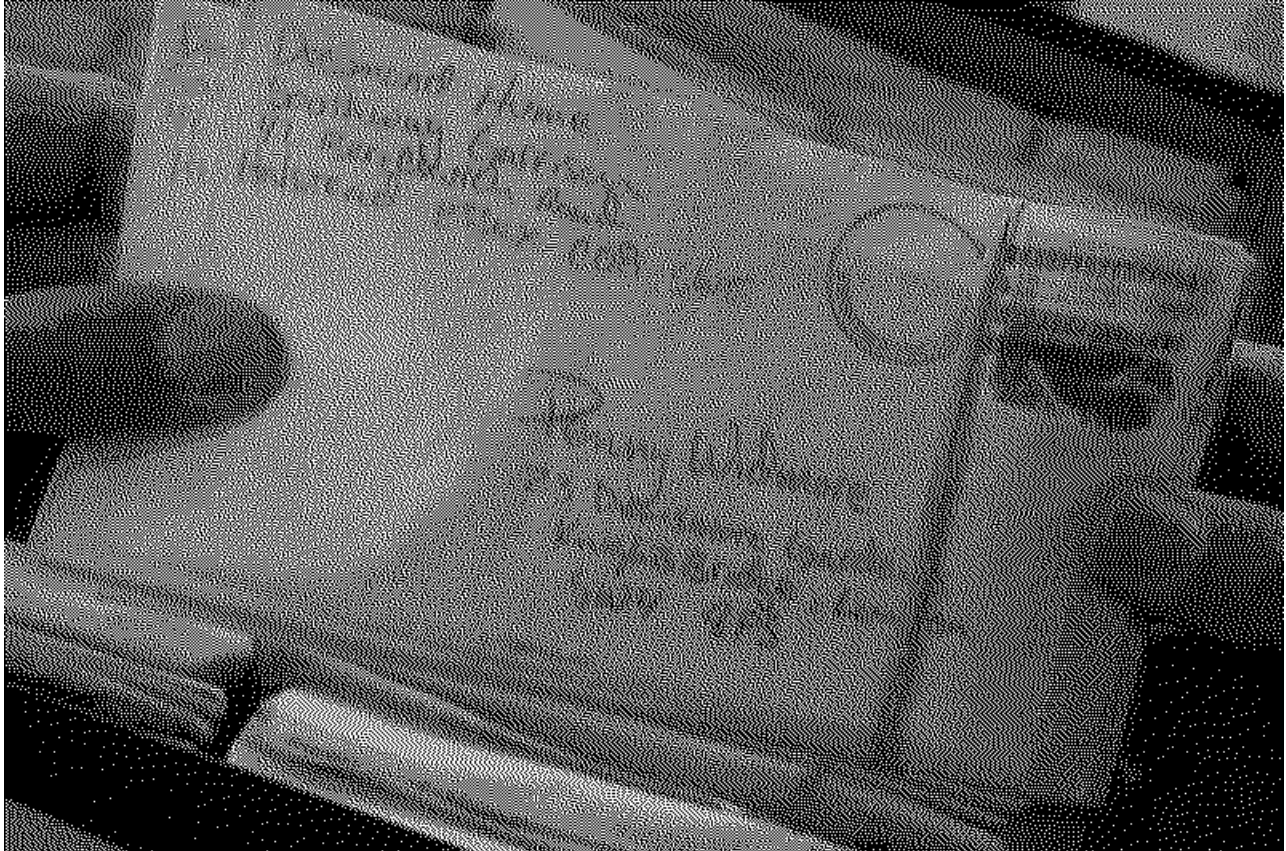

Excellent number finale:

This one is dedicated to Jen, the math nut:

At the end (in the frozen tundra) the screen said : 7418880 - Electromagnetic Anomaly detected.  
That is the product of all the numbers.  
(For those of you who didn't like math:  $4 \times 8 \times 15 \times 16 \times 23 \times 42 = 7418880$ )

Also: Desmond needs 42k for a boat and has 8 months to get in shape.

Penny's Address has 42 and 23:

**Wow... what did that mean ! ? ! ?**

- Henry - 'We got more then they bargained for out of Walt.'
- Desmond calls the others 'the hostiles'
- 'Henry' - Once you leave, you will never be able to come back here
- 'Henry' - They are coming home with us.

**Best Line:**

Locke: What did one snow man say to the other?  
Desmond: Smells like carrots.

Runner up:

Charlie: Don't know it, but hum a few bars and I can probably play it for you.

**SEE YOU IN THE FALL !!! I LEAVE YOU WITH THESE BROTHER ..**

**-Steve**
